

How to import the Brushset directly into Procreate?

1. **Install the CozyBrushery app** from the AppStore

2. Open the app, enter your email address and **activate** your account

3. On your ipad/iphone where you installed the app, **press this button**

4. Your brushset is now automatically activated in the app and you can import it directly to Procreate

**MONEY
SAVING
TIPS**

You can find **free brushsets** in the CozyBrushery app, as well as taster sets of many brushsets.

Make sure to leave the app **notifications on** to not miss the **secret free brushdrops**.
